MADE \$4,500,000 ON  
\$120,000 INVESTMENT

Samuel Untermeyer, who as counsel for the Puyo Money Trust Committee of the House of Representatives, was reported to have made a profit of \$4,500,000 in Bethlehem Steel, the Charles M. Schwab Company, which is working night and day to fill orders for European belligerents.

Bethlehem Steel common opened the other day at 30 1/2, a new high record, with a gain of seven points over the former day's closing.

It was generally reported that Mr. Untermeyer obtained his holding of Bethlehem common at a nominal value of \$3 a share. Wall Street heard that when the old United States Shipbuilding Company was reorganized under Mr. Untermeyer's guidance he received the block of 15,000 shares in lieu of a fee at the \$8 price.

This Mr. Untermeyer denied. He said he bought the stock many years ago because of his confidence in the corporation under the guidance of Charles M. Schwab, whom he considers a great manufacturer as well as a most wonderful salesman. Mr. Untermeyer said further he did not want anybody misled into buying or selling Bethlehem Steel upon misrepresentation of his holdings or his attitude toward the future of the company.

## POWERS GUIDED BY AMERICAN ATTITUDE

Great Britain and Other Nations Interested In Mexico Will Approve

### U. S. CHOICE OF LEADER

Carranza Will Probably Make Mexico City His Capital In Near Future

WASHINGTON, Aug. 21.—Great Britain and the other powers interested in Mexico have informed the administration that they will recognize any man as the head of the Mexican government who is approved by the United States. This policy has been outlined in a definite verbal communication to the State Department.

Great Britain has informed the State Department that she has no interest in the matter other than to see peace and order restored, and will follow the lead of this country. That the Central and South American Republics will do the same is assured.

Statements issued yesterday by the Carranza headquarters here indicate plainly that Carranza and his generals will not heed the appeals of the recent conference for measures that will speedily restore peace.

### Leaders Oppose Conference

The policy to be adopted by President Wilson after his conference today with Senor Cardeza, Brazilian minister to Mexico, who has looked after American interests, is awaited with much anxiety.

The proposed peace program of the Pan-American conference is repudiated by General Candido Aguilar, governor and military commander of the State of Vera Cruz; General Elizondo, governor and commander of the state of Michoacan; General A. Ricart, military commander of the garrison at Nuevo Laredo; General Francisco Murguía, one of Obregon's division commanders; General Trevino, military commander at Monterey, and General Gonzales, military commander at San Luis Potosi.

General Trevino has congratulated Carranza upon his "patriotic and dignified attitude," and declared he will answer the note of the American Secretary of State "in the terms my honesty will dictate."

### Promise to Stick by Carranza

"It is useless for me to say," General Gonzales telegraphed to Carranza, "that my forces and myself will continue by your side, defending the purpose of our cause and preferring to succumb than to permit a foreigner to trample on our soil or destroy the liberating work of the armed people of Mexico."

General Aguilar communicated directly with Secretary Lansing, declaring none of the leaders could reply to the note "without a breach of discipline," and characterized the note indirectly as "a new, serious obstacle with which the reaction pretends, as a last resort, to arrest our work of liberty."

Senor Cardoza, the Brazilian ambassador, yesterday refused to discuss the situation in Mexico. He was formally accompanied by Secretary Lansing, he will confer with the President today at length.

### Carranza to Go to Capital City

WASHINGTON, Aug. 21.—General Carranza, it was learned here yesterday, is preparing to move from Vega Cruz to Mexico City at once and to have his government established in the old capital by the time his response to the Pan-American peace appeal reaches Washington next week. Private advices from Carranza said he expected to be in Mexico City Monday.

### Villa Retakes Durango

DAUGLAS, Ariz., Aug. 21.—General P. Elias Calles, reporting to Carranza on the capture of Magdalena, Sonora, by Colonel Juan Carranza's force, says the garrison of 500 Villa troops resisted for five hours, forty men, including twelve officers, making their last stand in a flour mill. Here they offered stubborn resistance until the building was fired and burned with all the defenders. Calles reported that Villa forces lost over one hundred dead. The Carranza loss was ten killed. Arms, ammunition and horses were taken, with fifty prisoners.

Yaqui Indians serving under Maytorena are reported to have overpowered the Villa garrison at Nogales, Mex., yesterday, seized Colonel Juan Murilla from jail and summarily executed him.

Five Americans arrested Monday by General P. Elias Calles, when the Carranza forces captured Imuris, and who were later released on demand of American Consul Frederick Simpich, arrived at Naco yesterday. They are C. E. Cate, superintendent; F. E. Miller, engineer, and W. T. Ham, conductor, all of the Southern Pacific Railroad of Mexico, and R. C. Tompkins and Harry Jensen. They were marched overland to Santa Cruz and held incommunicado until released.

When in need of furniture, rugs, etc., it will pay to see Chandler's, 510-516 North Main St.

## TALK OF BUYING FIRE FIGHTING ENGINE FOR TUSTIN

### Booster Organization At Its Meeting Considers Matters Of Importance

At a meeting of the Tustin Chamber of Commerce on Wednesday night progress was made in the solution of some problems of considerable interest to the residents here.

Fire protection, repairing street signs, additional lights, the piping of certain open water ditches, and redistricting the voting precincts were some of the matters considered.

There was a good attendance and every one present was very appreciative of the music given by the Tustin band. There were twenty members of

the band present and the general opinion was that they had made splendid progress in the short time they have practiced together.

After the opening piece by the band the minutes of the previous meeting were read by the secretary and approved. The president, Mr. Nealley, called for a report of the committee on fire protection. This was given by S. E. Tingley, who had visited Los Angeles and investigated different kinds of apparatus and their merits and cost. After a discussion of the matter the committee retired to an adjoining room for further conference. A. E. Bennett was asked to act as secretary pro tem while Mr. Stanley retired with the committee.

H. W. Smith made a report for the committee on street signs. He had been all over the district and found thirty-three new posts needed and eight needing repairs. There was a discussion of different kinds of posts, wood, metal and concrete. H. Wassum recommended the latter and Jasper Leck thought the county had on hand some concrete which might possibly be used. However, the matter was referred back for further consideration to the committee which was continued till the next meeting.

The committee on fire protection reported that not less than \$500 would be needed for an engine. An open discussion followed as to the district to be covered and the ways and means of raising the money. The committee was continued and asked to outline a plan to be presented at the next meeting.

There was a report of progress from the committee on piping certain open water ditches.

After finding that it would not conflict with other dates, it was decided to invite the Associated Chambers of Commerce to hold its next regular meeting in Tustin. Mr. Wassum was asked to extend the invitation.

Another number was given by the band, which was enthusiastically received.

The matter of redistricting the voting precincts of Tustin, dividing it into three instead of two, was put in the hands of a committee.

Attention was called to the Newport Harbor petition.

**TUSTIN MISSIONARY SOCIETY**  
The meeting of the Presbyterian Missionary Society had a splendid attendance on Thursday afternoon at the home of Mrs. W. L. Leiby.

The large rooms and hallway of this beautiful new home were thrown open and were filled with women interested in this society.

The meeting opened with a missionary hymn, after which the secretary's report was read and also that of the treasurer.

A report from the August meeting of the Los Angeles Presbytery was read by Miss F. Stone. A delegate is sent to these meetings every month and thus the Tustin society is kept in touch with the latest news from Presbyterian missions all over the world. Devotional exercises were then conducted by Mrs. Charles Willard and Mrs. H. A. Allen; Mrs. Willard giving a short exposition of the story of "Mary and Martha" and Mrs. Allen of the text: "Inasmuch as ye have done it unto the least of these." This was followed by sentence prayers and a chorus of young girls' voices sung by Misses Gertrude and Dorothy Utt, Grace Hatfield, Emma Thorman, Lillian Martin and Myrtle Bowman, accompanied by Mrs. P. H. Ebel. An impressive reading was given by Mrs. C. E. Utt. The following articles were read: "A Visit to a California Mining Camp," by Mrs. A. Thorman; "A Grateful Patient in Siam," by Mrs. Kate C. Ebel. Mrs. Ebel gave a report of the work of her sister, who has been a missionary in China for many years and some interesting pictures were shown.

On account of the "Women's Congress of Missions" in San Francisco was given by Miss Minnie C. Childs. Mrs. James S. Rice was asked to sing and she responded with the sweet Scotch melody, "Land o' the Leal."

A pleasant social time was enjoyed after the close of the meeting during which delicious ice cream and cake were served by the hostess assisted by the young girls.

The September meeting will be held at the home of Mrs. James S. Rice on the third Thursday of the month.

## BRAVE GIRL IN EXCITEMENT OF FIRE CARRIES BIG WEIGHTS

A disastrous fire was prevented by the bravery of Miss Rowena Coffee at her home on Lemon Heights on Thursday of last week.

Miss Coffee was alone and very busy washing when the water in a boiler on an oil stove boiled over, mixing the water and oil, causing the oil tank to run over and the oil to catch fire. The flames leaped to the ceiling and spread over the sink and floor. She tried to put it out with the wet clothes and bed covers, but only succeeded in smothering it a little. As she saw the fire spreading beyond her control and with the feeling that she must do something, she called her husband from the door for help and proceeded to carry out her belongings.

She was finally heard by B. H. Sharpless down on Newport road and by some Japanese working in the orchards.

Mr. Sharpless soon arrived in his automobile with two or three men picked up on the way. Pretty soon about fifty Japanese, each with a hoe in his hand, were decorating the roof and pergoles of the building. A busy scene ensued and the fire was quickly extinguished.

Everybody marveled at the number and weight of the things which had been carried from the house by the girl in such a short time. Miss Coffee's strength as an athletic girl seemed to have been doubled by excitement and helped her to do the work of two or three men. She had some painfully blistered hands and arms and her clothing was burned, but she suffered no serious injury.

The ceiling, the floor and sink of the kitchen were damaged and there were a few damages to the sitting room. Several bed covers were burned up.

When her father, R. H. Coffee, arrived home a few hours later the excitement was all over. The house belongs to C. E. Utt. Miss Rowena was taken the next day by some friends for a visit to Monrovia while the house is being repaired.

**THE TUSTIN "Y"**  
A meeting of the Tustin "Y" was held last Friday night at the Presbyterian Church.

Delegates were appointed to attend the Y. P. B. convention to be held in Santa Ana next week on Thursday and Friday at the United Presbyterian Church. Misses Irene Grisct, Edith Higgins, Emma Thorman and Lillian Martin, George Brown, Virgil Deaver and Aaron Osmum will represent the Tustin "Y" as delegates and officers. The different W. C. T. U. unions of the county have been asked to help entertain the delegates at this convention. The Tustin W. C. T. U., assisted by the Villa Park union will serve a supper to the delegates at the United Presbyterian church in Santa Ana on next Friday night. As many as possible of the members of the Tustin W. C. T. U. are asked to come to the church on Friday afternoon to help arrange and serve the supper.

## EDITORIAL

### GOING OUT

The biggest manufacturer of saloon bar-furniture in this country has quit making bars and in their place will make piano cases and phonograph cabinets. This manufacturer is the Brunswick-Balke-Collender Company, well known also as a manufacturer of billiard tables.

It happens that thirteen states have gone dry during the last eighteen months, to say nothing of the increase in the size of the dry spots in the states which are still wet.

The consequence was that the supply of second-hand bar fixtures in this country was large enough to fill various hundreds of freight trains on their way to communities where bars are still commercially useful.

The secretary of the Brunswick-Balke-Collender Company makes the interesting statement: "We are convinced that the future of the liquor business will be in the cafe and the hotel." That is, if people drink at all, they will drink at tables.

But the Brunswick-Balke-Collender Company does not intend, apparently, to make the tables. It is going out of the liquor business altogether. Everybody's.

Miss Edna Brown was delightfully surprised on Wednesday evening when a large number of friends came to her home bringing gifts which showed the secret that she is a bride-to-be in the near future was known to quite a wide extent. There were about fifty in the gathering.

Showers are pleasant to read about during this warm weather, but it was not raining rain this time; it was raining thoughtful gifts useful to a prospective housekeeper.

Carnations and ferns soon beautifully decorated the house.

An arrangement of games, both indoor and outdoor, kept the fun going and insured everyone a happy time. Later in the evening delicious punch, cake and candy were served.

# Why Lewis Hilliard, a Santa Ana rancher Bought 80 acres in Pahvant Valley

Western Securities Co.,  
711 Hollingsworth Bldg., Los Angeles, Calif.

Gentlemen:

I came to Pahvant Valley from near Santa Ana, Calif., where I own a walnut grove valued at \$24,000. I selected 80 acres in this valley after searching for a good farm investment in Northern California and Idaho. I bought here because of the low price of land, the cheap water, good soil and excellent conditions for profitable general farming—alfalfa, dairying, sugar beets, hogs, grain, etc. I am just completing a 10-room, two-story house on my place, which will cost me \$3500.

This is a rapidly developing district and land values are bound to heavily increase. A man can succeed here with small capital better and easier than in any other farming section I know of. The company, as far as I can see, is endeavoring to co-operate with every settler. I am glad to recommend Pahvant Valley.

(Signed) LOUIS HILLIARD.

State of Utah, County of Millard, ss.  
Subscribed and sworn to before me this 6th day of July, 1915.

When a practical, successful Southern California rancher leaves his \$24,000 walnut grove to farm 80 acres of land in Pahvant Valley, he surely must be influenced by unusual soil and water advantages. Mr. Hilliard is a wealthy farmer. He still owns his walnut grove. He saw money-making opportunities in Pahvant Valley. He studied every condition from A to Z. He saw a combination of soil, climate and water that was netting a yearly profit of 50 per cent or more on the land's actual cost per acre. A water maintenance cost of 40 to 50 cents per acre meant real profits to him and he took advantage of it. The opportunities in sugar beets, alfalfa seed, grain, hogs and dairying were realized by Mr. Hilliard. He saw the wonderful success attained by even inexperienced men. He bought 80 acres and is completing a \$3500 home. Go up and meet this practical, intelligent, successful man. Why wait until the last acre is sold? Booklet by return mail if you want it. ## LIMA ACREAGE IS BEING SIGNED UP RAPIDLY IS REPORT

Favorable progress is being made by those who are signing up lima bean acreages in the Irvine and Smeltzer-Wintersburg districts. More than 50 per cent of the acreage in the Irvine section was signed up at a meeting of growers held at Irvine Thursday evening and it is understood that an equal amount has been signed up at Smeltzer and Wintersburg. Members of the Irvine and Smeltzer-Wintersburg Associations are hard at work circulating the contracts and there seems to be no doubt now that the project will meet with success.

The by-laws and contracts being circulated at Garden Grove, Irvine and Smeltzer are practically identical. About twenty-five bean growers were present at a meeting held at the office of the Golden West Cereals & Produce Company Thursday evening. With practically no exceptions these growers signed up the by-laws.

The campaign to obtain signatures in the Garden Grove district is being pushed vigorously.

### But Not In His Own Home Town

Now who would have thought that E. P. Stafford would go to San Francisco and look about him, respectfully but none the less appreciatively, for pretty girls?

But here comes his bosom friend, Alex Brownridge, with documentary evidence. He has a postal card from Stafford which epitomizes the "Big Fair thusly":

"Gigantic, Inspiring, Instructive, Interesting, Magnificent AND Expensive."

"P. S.: But no such attractive girls as we have in the F. & M. Bank."

There now! Whadda y'know about that?

But that isn't all. Listen to Brownridge's reply:

"Dear Ed:—Like you, I think the F. & M. Bank girls are the finest ever. But take it from me, there are some peachieros in San Francisco. If you fail to find them wire me the price and I'll come up and show you. I believe you're from Missouri, anyway."

"Longingly yours,"

"ALEX."

N. B.: Brownridge used to live in Oakland.

## SANTA ANA FACTORY AFTER 1000 ACRES OF BEETS AT ESCONDIDO

Oceanside Blade: In September active soliciting will take place in the Escondido and adjacent valleys, within reasonable railroad distance, to try and secure sufficient acreage of beets to warrant the Santa Ana Co-operative Sugar Company to erect a regular automatic dump to serve the interest of a thousand acres.

Beet shipments on the San Luis Rey valley and on the Santa Margarita ranch are being cut down owing to the overplus of ripe beets in the north. The valley is now shipping two cars a day and half that off the ranch. The sugar test which was low at the beginning of the harvest is getting better as the beets ripen.

**WILL PLANT 60 ACRES TO OLIVES**

Representing a syndicate of five men, F. T. Lewis of Beaumont has purchased sixty acres of the Highland Home ranch through the Grigsby Realty Company of this city and Thomas S. Lewis of Beaumont, says the Redlands Facts. The syndicate intends to locate another big olive industry at Beaumont with the purchase of the ranch. The sixty acres will be planted in olives this winter. The land lies between the planted lands of the ranch and Apple valley. When the fruit comes into bearing an olive plant will also be established there.

## PILOT IN EARLY DAYS AT BEACH TIRELESS BOOSTER FOR HARBOR IMPROVEMENT IS NEAR AT HAND

One day in the year 1884 a man who had but recently arrived in Orange county from New Zealand made his first trip to Newport Bay. He sat high on one of the cliffs of Rocky Point and looked at the broad expanse of water that lay stretched out before him like a gigantic mirror.

The man was struck by the similarity of the body of water with that at Otago Bay, New Zealand, whence he had recently come. Otago Bay had been turned into a harbor. Huge ocean-going vessels loaded and unloaded cargoes at the port and it had become one of the most famous harbors in the South Pacific.

**Conditions Identical**

As the man gazed out over Newport Bay he noted that the conditions were identical with those that had obtained at Otago before the improvements had been made there.

In his imagination the man saw Newport Bay transformed into a modern harbor. He saw jetties built out into the ocean. He saw vessels, wide of beam and deep of draught, being piloted through the channel into the calm and land-locked waters of the harbor.

The man who saw all this in his imagination was Captain William Kelly, who now lives at Delhi.

**Indefatigable Booster**

From that memorable day in 1884, when he first saw Newport Bay, Captain Kelly has been indefatigable in his efforts to arouse interest in a movement to have jetties built in order that the body of water might be utilized.

Year after year went by. Captain Kelly never relaxed his efforts. The matter of having the bay improved became a hobby with him. He talked harbor improvement to everyone he knew. He made speeches at various meetings. He did his utmost to convince people that it would be possible to so improve Newport Bay so that it would be a commercial success.

**Dream to Be Realized**

It is now a practical certainty that the dream of Captain Kelly will be realized. The people of Orange county are at last being awakened to the fact that they can no longer afford not to utilize the waters of Newport Bay.

Captain Kelly says that every now and then he meets someone who makes the statement that the entrance to the bay is no longer navigable, that it has become filled with quicksand.

"This is the sheerest nonsense," said Captain Kelly today. "I have tried often to find quicksand, not only at the sand spit but at other points and have never succeeded. The opportunity for the people of Orange county to have a harbor is near at hand; it is up to them now to grasp this opportunity by simply the petition and by boosting, boosting, boosting all the time."

**Justice Cox Replies With Hot Shot to Long Beach Man**

Santa Ana's justice of the peace, J. B. Cox, has sent a burning reply to the blistering epistle that he received a few days ago from Justice Underwood of Long Beach. He digs the Long Beach man, E. E. Buffum, a member of the school board, over whom the controversy between the justices arose. Buffum was arrested for speeding. He asked for a jury trial, was convicted and was fined \$50. The Santa Ana justice made no bones about saying that he made the fine big enough to cover the costs of court.

Buffum and the Long Beach justice are friends. The Long Beach justice wrote a letter of protest to Justice Cox of Santa Ana. Cox replied, and that reply called for another letter from Underwood. Now comes Justice Cox with return fire. The letter sent today says:

**GEORGIAN GOVERNOR DOES NOT WANT ANY OUTSIDE AID**

Executive States That This Will But Make the Task All the Harder

ATLANTA, Ga., Aug. 21.—With the remains of Leo Frank safely interred at Brooklyn, and the state beginning to subside from frothing with excitement, Governor Nat E. Harris is going, in earnest, he says, after the members of the mob that lynched the man convicted of murder, and in a state-ment issued today, he requested courteously but firmly that the northern and eastern press and some parts of the outside public spare their efforts to aid in bringing the offenders to justice.

Governor Harris says candidly that the outside agitation and inflammatory editorial abuse already is beginning to complicate Georgia's task seriously.

The Governor said:

"Editorials which have appeared in some of the newspapers of the larger of the cities of the middle-west and north, a great many of them the papers which urged the commutation of the sentence of Frank, are making it more difficult for the state to proceed."

**People Indignant**

"The people of Georgia, who feel outraged, and indignant at the hanging of Frank, will grow more and more indignant at some of the things being said in ignorance about Georgia."

"Everything which lies within the power of this office will be used to bring results."

The first steps towards apprehending the lynchers are to be taken by the counties in which the offenses were committed, Baldwin and Cobb. The governor will call at an early date a meeting of officials of those counties—possibly next week—and lay before them all the information he is now gathering. He will then instruct the judges of the respective circuits to order the grand juries to go into the investigation with every resource at their command. The solicitors of the circuits will be instructed to devote their most earnest efforts to the investigation.

**Reward Made \$1500**

Whether a special grand jury will be called for the investigation of the case had not been determined.

After a conference with Attorney General Walker, the reward offered for the lynchers of Frank was reduced to \$1500 instead of \$2500. This was done because the larger reward would have left but \$250 in the reward fund for the rest of the year.

I am a pretty busy man, and I haven't time to meddle in how other justices conduct their courts. Neither have I any political henchman whose cause I feel called upon to espouse when he is caught red-handed breaking the law.

If any friend of mine should come to me and say: "Cox, I broke the law over at Long Beach. They caught me speeding. Is there any way I can get out of it?" My answer right off the reel would be: "Since you broke the law, go over to Long Beach, plead guilty, and pay your fine. Take your medicine like a man."

How differently you acted when such a matter came before you.

You say you can't see any reason for making a man who demands a jury trial pay fine enough to pay cost of having the jury. You must be a little dull of comprehension in legal matters; if you can't get the procedure through your cranium. It is a case of cost price and selling price, just as in the case of a merchant. You seem to think the fine should have been only \$10 instead of \$50. The cost of the jury was \$33. Add \$10 for the fine you think fitting, and that makes \$43. The state's profit is \$7.

If you will take the trouble to get posted in regard to Chap. 326, page 654, Sec. 228 and Sec. 32, Statutes of 1913, you will find that it provides a fine not exceeding \$100 or for imprisonment not exceeding thirty days, or both, for the first offense for speeding. This gives the court plenty of latitude and longitude to work in. I think it contemplated just such cases as Mr. Buffum. If I think a man deserves a higher fine than \$10, he gets it. If I conclude he should go to jail, to jail he goes.

It is your duty—whether you think so or not—to let no guilty speeder escape.

A speed bug is just as dangerous as a Mexican cholo filled with Dazo red and under the influence of mercurina, firing bullets down a crowded street. In fact, a man with a speed bug is more of a menace than a man with a gun. You say you informed Mr. Buffum of his constitutional rights to a jury trial. If Mr. Buffum had consulted some good lawyer, and not an attorney, the lawyer would have informed him also of his right of appeal, if dissatisfied with the judgment of the court, and not left his client in the shape he is in.

I want to inform you I allow no tin-horn politicians, professional fixers or ward heelers to interfere for leniency toward a speed bug. Such methods to debase courts lower the respect people have for courts, if the court yields to their influence. Anarchy and mob violence are the final results. Those who have no respect for law or the honest decisions of the courts are not very good citizens.

Always bear in mind that justice is devoided as being blind. She stands armed with the sword and scales, but around her eyes is tied the bandage that prevents her from seeing where the sword strikes or how the scales balance. The bandage is placed upon her eyes in order that she may be the more impartial in handing out judgment.

By the tone of your letter one would come to the conclusion that if you should ever undertake to tote these instruments of Justice you would wobble on the gudgeon most shamefully.

I understand that Mr. Buffum is a highly respected citizen of your town, and a member of the school board. Does he really think he is setting a good example to the rising generation when he admits he violated the law and tried to defeat the ends of justice by claiming that a guilty man should be exempt from punishment because of such place he holds in society? Do you think the school children would be better children by following his methods? If his example is good, why not call all the school children together some time and have him deliver them a discourse on the subject: "Evading the Speed Laws, or My Experience Over in Orange County With a Buzz-Saw?"

My Dear Judge, if you have any further missionary work you want to do, would it not be a good thing for you to devote some of your energy on your own town? Mind your own business. Keep your own back yard clean.

Now, in conclusion, my dear judge, if you and Mr. Buffum do not like the way I conduct my court, if it causes you much unrest, if it disturbs your peace of mind, I want to inform you, each and both, that I have no intention of changing my court rules and receive my orders from a peacock throne written with the vermilion pencil. And, furthermore, if you, or both of you, of either of you, don't like my court procedure, you can sell your winter clothing, and go to Yuma.

## LONG HOURS OF LABOR

A widespread effort is being made by factory employees in trades making war munitions to get an eight-hour working day. Labor leaders express considerable confidence that the eight-hour day will become a realized fact within a few years.

Whatever one may think of the case of the factory artisan for a shorter working time, there are many classes of workers who are today employed for too many hours. In the smaller cities and country districts it has long been customary for stores to keep open evenings for a good share of the whole of the week. Proprietors and clerks may spend much time loafing with nothing in particular to do. Yet the man who opens up a store at seven in the morning and returns after supper to stay until nine or ten must lead a life tending to physical and mental deterioration.

People in the drug business complain bitterly of the long hours in their line. The feeling that drugs are an emergency and relief service, has made it the general custom to enforce long hours. In large stores reasonable working time may be arranged by alternating the help. As a whole it is a wearing trade that demands constant presence behind the counter. If drug stores and other places kept open to supply public needs had the spirit of mutual co-operation, they could take turns keeping open so that public wants would be supplied.

Probably the heart of the troublesome domestic service question is long hours and evening and Sunday work. The farmer will naturally have trouble in getting hired help when he expects them to work from 6 a. m. to dark.

There is no profit either for employer or employed in working beyond the point of reasonable physical exertion. When the employment is indoors the strain and exhaustion is multiplied. Any calling that employs its owner and workpeople longer than a normal day is not organized on a wholesome and profitable basis.

## MARRIAGE AND INCOME

The newspapers are printing a more or less mythical story of how certain girls at one of the Harvard University summer schools have pledged themselves not to marry a man with less than \$2000 income. While stories of this kind are usually more or less fabulous, they do represent the conviction entertained by many twentieth century young women. A good many of the products of the exotic civilization of the larger cities would say that \$2000 is altogether too little.

To the girl who has come up in a family having several servants, automobiles, and all the finish of cultured and wealthy living, the income of a young business or professional man seems hopeless. Many of them could never get by without generous checks from their fathers. Yet these fathers know very well in their inner hearts that a young couple would have much more self respect and much more character, were they to make an effort to live on their own production.

There is a great decay in our modern life of what can be called the pioneer spirit. In all periods of our country's history, ambitious men and women have been willing to go into the fringes of civilization and live on the wages of day labor, until they got their start. Mutual love and confidence in the future made it possible, and gave zest even to washing dishes or sawing up a wood pile.

Many young men of today are unable to push a lawn mower, and many young women give up in despair if their second girl quits work.

Comforts and luxuries that are unearned, not achieved by toil and struggle, are enervating, and they soften moral fiber. It may be too much for the children of wealthy homes to be expected to start as their fathers did. But they make some very bad guesses when they permit their choice in matrimony to be much influenced by the question of income. This is one of the cases where the last at twenty is often the first at forty.

## SICKNESS COMMON IN SUMMER

Hay fever is attributed to pollen floating in the air, while asthma is caused by dust and certain atmospheric conditions common in summer. Sufferers who seek the mountains or the sea. Hay fever and asthma victims compelled to remain at home will find relief in Foley's Honey and Tar Compound which allays the inflammation, soothes and heals raw and rasping bronchial tubes and helps to overcome difficulty in breathing, and makes sound, refreshing sleep possible. STATE WILL NOW PROBE  
SHORT-WEIGHT ICE

SAN BERNARDINO, Aug. 21.—Ice-men will run the risk of arrest if they continue to include the weight of ice-tongs in delivering ice to consumers. Charles G. Johnson, state superintendent of weights and measures, has sent word to all county sealers to check up on the ice-men. He ordered thirty pounds of ice at his house today. He found he was only given twenty-seven and a half pounds, and that the purchase included the weight of a three-pound pair of tongs. He believes this practice is general.

Enrollments are now active at the Orange County Business College.

VETERANS TELL WHY  
THEY EJECTED POET

Los Angeles Times: A totally different version was given last night by members of the Southern California Veterans' Association to the story of the election from their camp grounds at Huntington Beach of Nathan Ward Fitz-Gerald, author and purveyor of patriotic poetry, to that upon which Mr. Fitz-Gerald bases a suit for \$10,000 damages. He names as defendants Past Commander A. M. Brown, Past Senior Vice-Commander L. Schofield, Past Adjutant O. H. Maryatt, Tom C. Galbraith, Henry Ault and Thomas L. Hull, all members of the association.

Mr. Fitz-Gerald alleges in his complaint that he was invited to address the association last Monday evening and that when he attempted to do so he was forcibly dragged from the platform, struck and insulted with such epithets as "traitor" and "agitator."

Mr. Galbraith, who was officer of the day on Monday, says that Mr. Fitz-Gerald has given the association much trouble in the past by insisting on trying to sell his poetic wares on the grounds, despite a rule to the contrary. He avers that, a threat of arrest on the previous day having no effect, Mr. Fitz-Gerald appeared on the scene Monday evening and started to take an uninvited part in the program. The acting commander, Mr. Schofield, remonstrated without effect, Mr. Galbraith says, and then he, as officer of the day, was instructed to eject Mr. Fitz-Gerald. The latter resisted, according to Mr. Galbraith, and Comrades Ault and Hull were called upon to assist. Mr. Fitz-Gerald was put off the grounds with some difficulty, although Mr. Galbraith denies that any blows were struck or insults heaped upon the octogenarian poet.

Past Commander Brown, whose home is at Colton, declared Mr. Fitz-Gerald was ejected because he violated rules of the camp and had caused trouble in the past while purveying his writings.

Robert E. Abbott is acting as Mr. Fitz-Gerald's attorney.

THEATER TONIGHT

For real fun and lots of laughter Billie Ritchie is seen at his best tonight (Saturday) in a two-part laugh-fest, "Life and Moving Pictures." Then comes King Baggott and Jane Garl, in a comedy-drama, "A New Jitney in Town." Herbert Rawlinson and Anna Little are also presented in a two-part drama, entitled "Himself." It's a program with the variety and one that will be richly enjoyed by all.

Adele Farington Broadway star, who has joined the great Universal, will be presented at the Lyric Theater Sunday and Monday in a three-act modern drama, "The Closing Chapter." Miss Farington is assisted by Murdock McQuarrie and a large cast of players. Cleo Madison will also be presented on these days in "The People of the Pit," a two-part drama. The program ends with one of those laughable Nestor comedies, "On His Wedding Day," with charming and dainty Miss "Billie" Rhodes.

"Scandal" that big five-part masterpiece written by Lois Weber, author of "Hypocrites," which was presented at Miller's Theater, Los Angeles, all of last week at 20 and 30 cents, and at San Diego this week at 25 and 35 cents, is to be seen at the Lyric Theater next week, Tuesday and Wednesday, August 24 and 25. Manager Knapp announces there will be no raise in the price of admission—five cents for all seats.

In speaking of the play, The New York Moving Picture Weekly says: "This remarkable life drama is too real, too human, for mere words. It hits you and me and our neighbors. It makes us remember and regret every word of idle gossip we have ever repeated. From plot to production this film satisfies. Do not fail to see it for it is one of the biggest plays ever produced."

POLICE FIND BOMB  
IN YARD—SOAK IT

DETROIT, Aug. 21.—Detectives and patrolmen, after a somewhat hasty search, found a bomb, but an uncomfortable shiver ran down the backs of Superintendent Downey and a dozen officers when a man walked into police headquarters and placed a dynamite bomb on the desk.

"My son found this in back of our house," said Carmelo Castiglione of 360 Division street.

The bomb, a stick of dynamite wrapped in wire and with a fuse attached, was placed in a pail of water, where it is still soaking.

Nearly 800 of the 2600 patients of the institution laughed at the capers of the screen comedians, and so satisfied is Dr. J. A. Riley, superintendent, that the movies will help in the cure of mental disorders he will ask a state appropriation for a stadium for the staging of moving picture shows, concerts and other performances.

TUESDAY AND WEDNESDAY,  
AUGUST 24 AND 25

SCENE FROM "THE MILLIONAIRE BABY," TO BE AT  
CLUNE'S THEATER, MONDAY AND TUESDAY.THE MILLIONAIRE BABY  
AT CLUNE'S NEXT WEEK

At Clune's Theater, on next Monday and Tuesday, an absorbing six-reel mystery photo-play, a Selig Red Seal play entitled "The Millionaire Baby," will be shown. This highly interesting screen drama tells the story of a little girl who is sold to a rich woman by her mother, because the latter had been deserted by her husband. Later the mother inherits a fortune and gives up the stage, which had been her means of livelihood. She then wishes to reclaim her child and all the more so when she learns that her husband is secretary of the rich woman's husband and is with the child continually. The scheming doctor who arranged the first sale offers to restore the child to the actress-mother for a certain sum of money. Other complications arise which lead the audience into a maze as to the outcome of the play. Finally all is cleared and the little child, who for a short time disappears, is restored to her real parents, who become reconciled because of their love for her.

Contradicting all reports we wish to announce that "Scandal" by Lois Weber, author of "Hypocrites," will be presented at the Lyric Theatre, Tuesday and Wednesday, Aug. 24 and 25, at the usual price of admission—five cents. Other theatres would probably raise their price to 25c—one price always at this theatre—five cents—with the best in moving pictures. "When in doubt attend the Lyric." LOCAL QUARTETTE IS  
MAKING A BIG HIT

Ray and Jay Wallace, Frank Stewart and Harry Kirkpatrick, the promising young local boys who have styled themselves the Santa Ana Club Quartette "Jugglers of Harmony," and who have just made their initial bow in public at the West End Theater for the first time last night, are to be congratulated upon their splendid harmony and talent.

The boys certainly have fine voices and were well received by the audience that packed the theater and were encored over and over.

Manager Schlesinger says he is going to take the boys in hand and they will appear every night in their little snappy melodies.

## Naval Battle Pictures

Tomorrow afternoon and evening the West End Theater will show actual photographs of a naval battle in the Black Sea. This is a Pathe picture and shows twelve battleships in action and the sinking of one of the ships engaged. The rather camera man was the only person exposed on deck during the engagement and he was decorated with the Cross of St. George for his bravery.

"The Clue" is one of those fascinating dramas which must be followed with the most absolute attention from the very first moment in order to lose nothing of the story. The sharpest minds will be puzzled to unravel the mystery until the solution is finally presented on the screen. It will be shown at the West End Theater Monday, Tuesday and Wednesday.

## SUCCESSFUL SURPRISE

### Celebrate Birthday of Popular Foreman of San Joaquin Fruit Ranch

The employees of the San Joaquin Fruit Company's ranch gave their foreman, Andrew Cock, a thoroughly successful surprise on the occasion of his twenty-ninth birthday.

Probably the reason for the success of the surprise was in the fact that his birthday fell upon Sunday, August 22, and the party was given Wednesday evening, August 18. When he came home from work Wednesday eve, his wife suggested that he take her for a ride and with quick work, by many willing hands, all preparations were complete by the time the couple returned and upon driving in to the yard, they faced three long tables forming one big V-shaped table, well lighted with Japanese lanterns. As they walked up to the table, there flashed out lights from twenty-nine pink candles on a birthday cake which had been planned and baked by Mrs. J. D. Halford, to be large enough to serve one piece to over a hundred people. It was not until then, on seeing his initials on cake and stand and the large white banner overhead on which bore the words, in pink, "Many Happy Returns of the Day," that the whole truth dawned upon Mr. Cock.

As everyone stood at the table, they were greeted by the song "It Looks Like a Big Night Tonight," enthusiastically sung by Misses Demaris Dearnford, Mima Williams, Laura Sears, Katie Callahan, Viola Le Bard, Dewey Callahan, Lon Wells, Fred Dearnford, Ben Marks and John Young.

After this enjoyable feature, Mr. Lincoln Sears made a beautiful presentation speech in which he tendered Mr. Cock a lovely gold chain and charm with the K. of P. emblem on it, a highly appreciated gift from all the employees on the ranch.

Then all were seated and served with Taylor's delicious ice cream and a variety of home-made cake furnished by the ladies on the ranch.

The color scheme of pink and white was carried out in the decorations, birthday cake and ice cream, and to make the evening complete, Mr. and Mrs. Cock's parents, Mr. and Mrs. L. A. Cock and Mr. and Mrs. H. E. Matthews of Tustin, had been invited to sit on each side of Mr. Cock's family. At the close of the evening, the same young people who gave the opening song, sang the beautiful selection, "A Perfect Day." Afterwards everyone expressed their hearty birthday congratulations to Mr. Cock, wishing that his birthdays came more often.

This pleasant affair was arranged and carried out by Mesdames H. V. Roller and J. P. Callahan, ably assisted by all the others who live on the fruit ranch.

## "TACKY" PARTY

### Friends Surprise Mrs. Ray Branch With a Merry House-Warming

The attractive new home of Mr. and Mrs. Ray Branch on Parton street was the scene of a merry gathering last night when a group of the employees of the Santa Ana Steam Laundry paid Mrs. Branch a "surprise" visit.

The affair was a "tacky" party and the unsuspecting honoree totally unaware of the plans of her friends had arranged with one of the conspirators to visit the Athletic Club plunge.

The young lady arrived at the appointed hour, but while Mrs. Branch was showing her guest through her lovely new home, the company, clad in mirth-provoking costumes, stole slyly into the living room where they waited to greet their hostess.

The cozy rooms were brightened by bouquets of fragrant roses and carnations and after an evening of merry games and music, refreshments of ice cream and delicious cake, thoughtfully provided by the self-invited guests, were served.

Those joining in the merry house warming were Mrs. S. M. Branch, Mrs. J. S. Stants, Mrs. Mocha, Mrs. Lillian Blew, Mrs. Z. Williams, Mrs. A. Gilbert, Mrs. D. W. Coser, Misses Katherine Stauts, Bessie Caughran, Lena Mocha, Anne Gilbert, Minnie Coser and Florence Nelson.

## AFTER SMASHING AUTO, MACHINE SPEEDS AWAY

### Number Secured, Resulting in Warrant For Glenn Busby of Uplands

Swinging too close to a machine he was trying to pass, a Buick roadster this morning wrecked a Cadillac two and a half miles below Tustin, on the state highway. Putting on speed, the Buick got away.

A. B. Chase and R. E. Reid, brothers-in-law, both of Escondido, were thrown from the Cadillac. While Chase escaped almost without an injury, Reid had one hip severely bruised and strained.

As a result of the smash-up, a warrant was issued this morning for the arrest of Glenn Busby of Uplands.

Chase and Reid were on their way home from a trip to Kings county, and were traveling along the paved road southeast of Tustin at a moderate rate of speed when an automobile containing a man and woman came up behind them. This machine went to the left, but did not go far enough, the rear wheel of the Cadillac was grazed, and the front wheel was struck hard enough to smash it, and cause the Cadillac to veer off the road and into a ditch.

The two men in the Cadillac were thrown out, Reid had no sooner struck the ground than he yelled to the driver of the Buick to stop. The Buick, however, did not stop, but went on down the road at increased speed. It so happened that D. B. Horton, a pump dealer of Santa Ana, saw the smash, and, realizing that the Buick was not stopping to give aid to the wrecked car and automobilists, caught the number of the Buick as it passed him. He reported the number to be 125,555. In the license book that number belongs to Glenn Busby of Uplands.

Chase and Reid came into Santa Ana and told their troubles to Deputy District Attorney Koepsel, with the result that a warrant was issued for the arrest of Glenn Busby upon a charge of failing to properly pass a vehicle upon a public highway.

Telephone messages were sent to Oceanside, Laguna and San Juan Capistrano in an effort to cause the arrest of the man in the Buick.

(Special Correspondence)

GARDEN GROVE, Aug. 21.—At a meeting of orange growers held here yesterday evening a committee was appointed to incorporate, under the state law, a non-profit-sharing organization to be known as the Garden Grove Citrus Association. Those on the committee are J. O. Arkley, J. W. Krill, C. A. Westgate, W. W. Dungan, Edward Dozier, Milo Allen and W. L. Russell.

The association, which is the ninth in the Orange County Fruit Exchange, whose headquarters is at Orange, is being organized in order that it may have the benefit of the exchange's supply purchasing facilities. It is believed that in the course of a year's time enough new citrus orchards will have come into bearing in the vicinity of Garden Grove as to warrant the building of a packing house by the association.

## SEAL BEACH HAS INCORPORATION PETITION

### Long Beach "Drys" Worried Over Possibility of Resort Becoming "Wet"

According to a statement made by Attorney P. J. Hight of Long Beach, the petition looking to the incorporation of Seal Beach has been completed. This petition will be published, and will then be presented to the Board of Supervisors. At Long Beach the "Drys" are considerably worried over the movement to incorporate Seal Beach, as they fear that it will put saloons within but a few minutes' ride of Long Beach. Seal Beach is in Orange county, close to the boundary line.

It has been denied at Seal Beach that there is any likelihood of the establishment of saloons. It is freely admitted, however, that after incorporation there will be issued a limited number of licenses allowing liquor to be sold with meals.

It is declared that while the table licenses are in contemplation, numerous other projects are in the minds of those promoting the incorporation plan. Among these projects are paved streets, street lights and fire and police protection.

Attorney Hight of Long Beach declares that the petition for incorporation contains the name of almost every resident of Seal Beach. Hight said that he knows nothing of any plan to make Seal Beach a "wet" resort.

## Supervising Oil Development

(From L. A. Financial News)

Development work in the California oil fields is now under the supervision of the state mining bureau, the law giving this department this supervision becoming effective on the 1st inst. The purpose of the new law is to remedy abuses that have long existed to a greater or less extent in the development and the supervision of the oil industry. The law is under the direction of R. P. McLaughlin, who has been appointed state oil and gas supervisor. Ever since the oil industry showed signs of developing into one of the state's greatest sources of wealth there has been a cry for legislation that would provide effective in eliminating some of the evils that have beset operators. The worst of these tribulations has been that of water infiltration, which has caused irreparable damage by destroying valuable oil deposits, besides being a constant source of annoyance and financial loss. The bureau, speaking on the subject of eliminating improper drilling records, and other causes of water infiltration, outlines its position in an official bulletin as follows:

"Conservation of California oil resources was recently provided for by legislation which enables the state mining bureau to keep constantly in touch with oil field developments and to supervise the drilling of wells that damage from underground water may be minimized."

"Deputies will be appointed by the State Supervisor and stationed in the various oil-producing centers, to collect the necessary engineering data, study local problems and to advise operators as to the best methods of controlling the flow of underground water."

The law provides stringent means of compelling operators to properly protect the oil sands from water, but the State Mining Bureau announces in this connection that it has continuously advocated investigation and co-operation rather than arbitrary official methods.

The State Mineralogist and the newly appointed Oil and Gas Supervisor will immediately commence a tour of the fields in pursuance of this policy, the object of the tour being to bring the officials into direct communication with operators. Meetings of oil men will be held in the fields, for the purpose of bringing about an exchange of views so that the wants of each section may be dealt with intelligently. In order to insure a large attendance every oil company in the state will be advised as to the places and dates of these meetings.

In order that the work about to be undertaken may be made popular with oil operators, as well as useful, the first activities of the officials will be along educational lines, the principal object of which will be to instruct operators as to their rights and duties under the new law.

# BURGLARS ENTER STORE; GET OFF WITH PART OF BIG STOCK

Merchandise estimated to be worth \$100 was stolen from the Raymond department store, 214-216 North Main street, some time last night.

Among the articles that have so far been missed from the large stock is a quantity of jewelry, suits of clothing, overcoats, hats, shoes, razors and other goods.

When Solomon Gonzales, one of the clerks in the store, unlocked the store this morning at 7 o'clock he found a pint whiskey flask and two old, soiled handkerchiefs lying on one of the counters. This was the first intimation that some one had entered the store during the night.

**Remove Bars of Window**  
Looking about the store, Gonzales saw that a robbery had been committed. Gonzales notified the proprietor of the store, R. R. Raymond. Police headquarters and the sheriff's office were notified.

An investigation by the officers revealed that the burglars had removed several iron bars which had been nailed on the outside of a screen window at the rear of the store. The bars removed, the thieves had pried up the screen and climbed over a table into the store.

**Discard Masks**  
The two old handkerchiefs found by

## "The Present War, Its Meaning and Outcome"

This vital question will be the topic of a lecture at the

**Armory, Sunday, 3 P.M.**  
J. W. Adams, of Riverside.

The war goes on, notwithstanding the Pope's peace plans and all efforts of peace societies and conferences to stop it.

Christendom's prayers for Christendom to BE GOOD are not answered. Why?

Mr. Adams presents the answer in a telling way. All welcome. No collections.

Gonzales had evidently been used as masks by the burglars. Three shoe boxes were found on a counter and from these three pairs of shoes had been removed. The shoes taken were small sizes—5, 5½ and 6½. Two pairs of shoes were Capitol brand and one Filt Company's brand.

As nearly as can be determined, the list of stolen goods contains a number of Napa horsehide gloves; a half-dozen Shavewell safety razors; four Ruff-neck sweaters, three red and one gray; several sets of jewelry in plush cases; a number of watch chains; two dozen knives; two combination dirk style knives and forks; five or six Stanislaus hats; two sets of gents' socks and ties; four overcoats; a number of suits of clothes, belts and work shirts.

**Roomers Above Store**  
Two of the rooms of the Central Rooming House are located directly above the rear of the store where the thieves forced an entrance. Armin F. Herold occupies one of these rooms. Early today it had not been learned whether or not Herold heard any noises during the night.

## RAPID PROGRESS BEING MADE ON COTANT HOUSE

Rapid progress is being made by Contractor H. A. Skiles on residence he is building for Charles Cotant in the 1900 block on North Broadway. It is expected that the residence will be completed by September 1. It is to cost \$30,000 and will have seven rooms. Its lines follow the English style of architecture. Plans were prepared by Architects Elwing and Tedford.

## SAYS COUNTY NURSERY TREES IN FINE SHAPE

"With the splendid nursery that you have, there is no reason why Orange county should not make a great showing in its highway planting in a year or two," said J. S. Emslie, assistant county forester of Los Angeles county this morning.

Emslie visited the county nursery on Poinsettia street between Wellington and Vance, and looked over the ornamental trees that are being grown there. He said that the trees are in splendid condition.

"Los Angeles county is buying its trees from the various private nurseries," said he.

## FREAK GROWTH OF TOMATOES

Mrs. C. T. Johnson of Cypress avenue, has produced a freak tomato growth. She sent the editor of the Register, yesterday, a cluster of tomatoes—four large ripe tomatoes and four small green tomatoes on a single stem, or two. The formation was very much like a cluster of oranges, the tomatoes all touching each other as they hung on the vine.

# WIFE-BEATER IS SENT TO JAIL SIX MONTHS

**Justice Cox Hands Limit to Mex Who Used Chain In Chastising Woman**

For six months Luis Camarillo will be absent from his accustomed haunts at Delhi and Dyer. The poolroom will miss him. His familiar figure will not be seen in the loading places.

This morning Luis was given the severest jolt that it is possible for a justice to give—six months in the county jail. However, Luis is not to be kept in the county jail. He is going out to the prisoners' camp and move rock and dirt with a wheelbarrow.

The man was convicted of beating his wife with a chain. A plea for leniency for Luis had no effect upon the sentence. If the limit had been higher, Luis would have been given more months.

## Case Dismissed

Justice Cox dismissed the battery case against R. R. Webb and his son, Sherman Webb, of Groden Grove. Arthur Dreiser was the witness against them. It developed that Dreiser wanted more pay than the Webbs were willing to give him, and when he was told to leave the place Dreiser refused to go. The Webbs did not want him around, and they proceeded to see that he did not remain around. The evidence convinced the justice that the Webbs were more than half way in the right.

## Held to Answer

Francisco Arrellano was ordered held to answer for trial in the superior court on a charge of robbing Edward Morris at the Arcade rooming house. Arrellano vigorously denies that he held up Morris. He says money that was found on him by Officer Dulaney, though fitting the description of that taken from Morris, was money he received for cashing a check and money loaned to him.

## Home Disturber

Sher. Jackson today brought Rito Rosa of Stanton to jail. The officer went forth on word that Rosa was intoxicated and was trying to get into a house in order to give Mrs. Rosa a beating. His sons prevented him from carrying out his intentions.

# AT THE COURT HOUSE DECREE OF DIVORCE IS SET ASIDE BY ORDER OF THE COURT

Judge Thomas ordered that an interlocutory decree of divorce given Simeon T. Corum against Frankie B. Corum last December be set aside and vacated. Mrs. Corum in court stated that she made no appearance in the divorce trial through ignorance of the law. After the decree was entered, Corum and his wife continued to live together here and at Newport Beach. Corum promising that he would have the decree set aside. He did not fulfill his promise. Recently a warrant was issued for Corum's arrest on a charge of failure to provide for two minor children.

Judgment for \$957 was given the Griffith Lumber Co. against Francis E. Crawford.

Foreclosure on a \$2500 mortgage was ordered in the action of O. J. Johnson against Neil Shaver.

## Court Orders

In the hearing of the defendant's petition for money in the case of Fred Jones against Ethel Jones, Judge Thomas ordered that Jones pay \$50 for attorney's fees, \$20 costs and \$12 a month for the support of a minor child pending the outcome of the case.

## Case Dismissed

Dismissal was entered in the case of Harvey Price, charged with contributing to the delinquency of a minor.

## For Administration

W. F. Menton has asked for letters of administration upon the estate of Amelia J. Raine, who died at Huntington Beach in 1905. Clyde Bishop is attorney in the matter, which is evidently brought for the purpose of clearing a title. The value of the estate is put at not over \$100.

# CLUSTER LIGHTS ARE PLANNED FOR ORANGE

**Property Owner Pay For Installation, the City to Pay For the Juice**

ORANGE, Aug. 21.—The City Trustees have submitted to the Merchants & Manufacturers Association a plan for the installation of from thirty-six to forty-four ornamental street lights. It is proposed that the property owners pay for the installation of the lights, the city to pay for the electricity.

The blue prints that have been submitted show a district in the center of the city in which it is proposed to put ornamental lights on poles 12½ feet high with three or five lights to the pole. The trustees are now conferring with the M. & M. relative to the kind of cluster lights to be used.

It is estimated that the cost to the property owner will be about \$1 a front foot.

The trustees hope to get the property owners together on the plan. Should they fail to get together it is probable that the lights will be installed under the Vrooman Act.
